

# An Open Letter to EVERY Candidate !

Dear Candidate:

The average voter no longer trusts politicians! Or their campaign promises.

We will no longer hold our noses and simply "vote for the lesser of two evils". BOTH political parties have failed us miserably.

We demand PROOF that YOU will not turn out to be just another pawn of the powerful special interest groups.

Therefore, we INSIST - as a prerequisite for OUR vote - that you PUBLICLY ENDORSE the following resolution:

*"Illegal IMMIGRATION has become illegal INVASION. It must be combated with the same dead seriousness.*

*"Illegal immigration must be CRIMINALIZED. It must be viewed and treated as a FELONY.*

*"First-time offenders should be sentenced to a very heavy fine – essentially the confiscation of all their assets – plus a five year prison sentence ON PROBATION.*

*"Second-time offenders should immediately have their probation revoked and be imprisoned.*

*"Third-time offenders should be treated as serial offenders and punished accordingly.*

*"A public announcement should be made that illegal immigrants will have 12 months to get their affairs in order and leave voluntarily before these measures take effect.*

*"Obviously, this will result in a mass exodus. The problem will largely solve itself."*

If NO candidate has the guts to take this stand, we will either boycott the election or run independent candidates or write-in our own candidates.

Sincerely,

Gerhard Lauck

President, RJG Enterprises Inc.
